*Economics	Block course	18
*German incl. essay	7	252
*Science language	1	20
Private lessons		personalized
<p><b>Although it is possible to take the German test and ECUS exam simultaneously in August, we recommend taking the test for German (level C1) at a prior date; this way, you'll be able to approach the other subjects (which are all tested in German) possessing high-level German skills, thus spending less time and effort for acquiring knowledge from the beginning.</b></p>		
<p><b>Total ca. 34 lessons per week (depending on the combination of subjects)</b></p> <p>* We reserve the right to reduce the number of lessons or charge the subject-specific private lesson rate for individual lessons should 5 or less students be enrolled in these subjects.</p> <p>** We reserve the right to reduce the number of lessons should 8 or less students be enrolled in these subjects.</p> <p>The reduction of the lessons will not affect an ideal exam preparation (with 8 or fewer students, we need fewer lessons for an optimal exam preparation than with large classes).</p>		

**COURSE REGISTRATION, COSTS AND PAYMENT CONDITIONS**

The number of students who can attend the course is limited, for this reason registrations are considered according to the date the course fee is credited.

On our online price calculator, you will find a detailed overview of our course prices as well as information about our payment conditions. Please visit our website or go directly to the following link <https://kv.excards.ch/app/offers.php>.
